

FARMERS SEEK GOV. TURNER'S IMPEACHMENT

"Hello Folks"

ELECTRICITY—90 per cent of the farms don't have it—30 per cent of city folks don't have it—all because the rates are too high—if we would do in America as they do in Canada, most every one would have it and those who now have it would burn more—just a graft on the people like T. B. testing is on the farmer—by the way—don't hear so much now about that fellow Findley who ordered the farmers and soldiers around—they tell me they left some counties without testing all—that's good news at least.

MUSCATINE—listen—at Dover, Ohio, they charge 6c for electricity—they made so much money with their city plant that they spent \$60,000 for paying more streets and have an increase now of \$78,000 in the plants funds—we could do that with our plant if some of the figure heads would not be scheming out how to spend every few thousand dollars, as fast as the fund raises—from river docks to what-nots—it's time to quit a while and let some money pile up.

THANKS Mr. Slee of Fort Madison—I received your oil painting—it's good—you are some artist—Mr. Slee presented me with a fine oil painting called "Sick of Promises"—"What Political Bosses Made of Farmers"—it shows two dead little monkeys sitting side by side—one is holding his stomach with a woe because look in his eyes—he sure looks sick—the other with a long drawn face is reading a sign in his hand—it says—40c wheat, 20c corn, 0.4c hogs—T. B. testing—my goodness—who wouldn't become sick—a good doctor would prescribe a SINGLE UNIT FARM ORGANIZATION with no one in it but farmers, no business people—just honest to goodness farmers—cut out the other farm organizations who have taken their yearly fees for 15 years and offers them nothing but what the monkey's sign says as mentioned above.

US. helps murderer—it generally tries to imprison them going to be married—to celebrate the date which was to come in a few days—less than a week—he got three ounces of wine—and his girl went into a Cafe—and no doubt would have drank it—a prohibition man with a shallow record before him—with protests to the government before him—went in—jerked the boy out, smashed him over the head with his revolver—threw him in jail—let him lay there for nine hours without medical care—HE DIED—all of Colorado is incensed—they should be—that government agent may "get his" if he is not careful—he may be thankful it was not a boy of mine—do we need changes in our laws—Ye GODS who has the audacity to even

Iowa T. B. Troopers Will Demobilize Tuesday

'CATTLE WAR' TWO MONTHS LONG CLOSES

Readings in Jefferson County Will Close This Afternoon

DES MOINES, Ia.—(INS)—With the conclusion of bovine tuberculin test readings in Jefferson county this afternoon the 349 Iowa National guardsmen on duty there in enforcing the test law will be demobilized Adjutant General W. H. Bailey said here today.

Return of the troops to their homes will begin early in the morning and by nightfall tomorrow as far as the Iowa National guard is concerned the "cattle war" is ended.

It is just two months and two days since Governor Turner first ordered 1,700 troops into Cedar county following an attack on 75 county deputy sheriffs by farmers who refused to permit state veterinarians to test their cattle.

ROY H. RANKIN DIES OF CANCER, BAKER TERMS IT SAD OCCURRENCE

NOTED MEXICAN FLYER KILLED

Arnulfo Cortes Dies When Plane Hits A Mountain

MEXICO CITY.—(INS)—Arnulfo Cortes, noted aviation mechanic, who conditioned Col. Charles A. Lindbergh's plane on his last visit to Mexico, was killed today when his plane crashed in the Sierra mountains in the state of Puebla, according to word received here.

Cortes was mechanic for Col. Roberto Fierro on his non-stop flight from New York to Mexico City and also accompanied Col. Pablo Sidar on his good will flight from Mexico to South America.

Cortes, a naturalized Mexican who was born in Italy, had a distinguished record. He flew with

Secretary of Senator Brookhart Is Dead At Washington

WASHINGTON.—(Special)—Roy H. Rankin, secretary to Senator Brookhart, died Sunday morning at Emergency hospital after nearly a year's illness from cancer.

Mr. Rankin, a resident of Fort Madison, first came to Washington in 1907 to serve as secretary to Representative Charles A. Kennedy, Montrose, first district representative.

Among others he was secretary to former Senator William S. Kenyon and former Senator Charles A. Rawson. He was widely known to Iowa politicians and the public men generally and had a large circle of friends both here and in Iowa.

Mr. Rankin underwent two major operations last winter and has been in the hospital almost continuously since then.

He is survived by his wife and two daughters.

The funeral will be held here Tuesday with burial in Glenwood cemetery.

THIEVES AGAIN ENTER STATION

Second KTNT Theft Nets \$148.85; Arrests Are Expected

For the second time recently, the KTNT oil station on East Second street, was broken into Sunday night and receipts amounting to \$148.85 taken. Evidence already found, points quite clearly to the guilty party and developments are expected within the next few days that may result in arrest and conviction of the perpetrator of the robbery.

The money had been deposited in an adjoining building, through a hole in the door. Entrance was made through a rear window of the building which had been pried open.

That the theft was not the work of professionals is known by the fact that the thieves left a note in the cash register which said:

"We are sorry we had to do this. We are poor and we need the money."

An Open Letter Written To Mayor McAndrews

Dear Mr. McAndrews: I address this open letter to you, in answer to your proclamation of Oct. 24, to your good citizens. It shows your spirit of co-operation, and also shows that you are "chasing a rainbow," and all your efforts which you give forth with the best of intentions will end in NAUGHT.

Your city has been the center for "publicity seeking" doctors of organized medicine, from your Health Commissioner or City health physician, down.

You have loaned the prestige of your office to them, and they will reap thousands of dollars. In New York city, it is reported they bury one CANCER VICTIM every hour, that is one passer away by the most horrible death every hour of the day and night in that city alone. You are to be congratulated in bringing this horrible state of affairs to your citizens, and if you will investigate the facts about Cancer without believing all your city medical officers tell you, or all that they print, you will save your citizens millions of dollars and a monument will be erected for you.

Your proclamation names the week of Nov. 2nd to Nov. 8th, as CANCER WEEK. A good bit like "See your doctor week" or "If you have a bump, see your doctor and become suspicious of cancer." Those things Mr. Mayor carry a good thought, but the sorrowful part of it all is that when you see the doctor or if you find a lump, you are told that it is cancer and you are told that it is incurable. Then came the slogan, that operations, radium and X-ray were the only means of controlling cancer. Since organized allopathic groups have sung that tune, cancer had jumped from the twentieth place down the list to second from the top. Only heart disease takes more toll in human lives than Cancer. Does not that prove that their advocated methods of control have flatly failed.

Our government has appropriated millions for Cancer research, and all for what—they, members of the American Medical Association say, "we do not know what cancer is, we cannot cure it, operations, X-ray and radium are used for temporary relief and we are still in the DARK."

That Mr. Mayor, after 150 years of medical research in America alone, with millions of the taxpayer's money at their command spells FAILURE, therefore why command your people to observe a cancer week when it only drives them to the doctor and the doctor tells them it is cancer and they are told that it is incurable.

FOUR MEMBERS OF FARM BODY ARE ARRESTED

Farmers' Protective Association Plans Fight on Governor

Curtis L. McKinnon of New London, Henry county, and Jake Eversman of Des Moines county, two of the officers of the Farmers Protective Association, which Friday demanded the impeachment of Governor Dan Turner in resolutions adopted in a convention at Des Moines, and A. Sterner of Jefferson county and Saint Vaughn of Washington county, also members of the farm organization were arrested Sunday night in Washington, Henry, Jefferson and Des Moines county, according to word received today by Jake Lenker of Cedar county, president of the organization.

The four men were arrested on charges of conspiracy in connection with the tuberculin cattle testing war and were taken into custody by the sheriff of Jefferson county and a state department operative.

Members of the Farmers Protective Association in near-by counties are expected to follow suit.

The farmers also are eliminating of Secretary Riculture Mark Thornburg, all legislators responsible for this unjust law in the resolution.

According to information received by Mr. Lenker, the four men under arrest were taken to Jefferson county, where soldiers are at present stationed to enforce the tuberculin cattle testing law.

A meeting of directors of the Farmers Protective Association, which was to have been held today was called off because of the arrest of the four farmers.

J. W. Lenker, "the Fighting Dutchman" of Wilton Junction, who was arrested by state militia during the recent fight against the T. B. test in Cedar county and held in the custody of Anamosa reformatory officials who would not allow him to be visited by any member of his family or friends, is president of the Iowa Farmers Protective association.

Other officers of the organization are C. L. McKinnon, of New London, vice president, L. W. Davis, secretary-treasurer; Jake Eversman of Burlington, Peter DeVries of Orange City and Mark Brandt of Davenport, board of directors.

JAPAN AIRPLANE BOMBS RAILWAY

Another Attack Is in Prospect by Jap Soldiers

PEIPING.—(INS)—Japanese military activity north of Chinchow, with an attack in prospect upon the south Manchurian army of Marshal Chang Hsueh-Liang, was reported today by Chinese military headquarters here.

A communiqué said that General Susuki's mixed brigade was proceeding to Hsinminfu, and that other Japanese troops were reconnoitering in that vicinity. Telegrams from Hsinminfu said rifle fire was audible there and a train on the Peiping-Mukden railway had been bombed by a Japanese airplane.

Marshal Chang Hsueh-Liang issued a statement declaring he had only 7500 troops in the Chinchow area under the command of General Yang-Cheng, and charged Japanese intimations of large Chinese troop concentrations in that area were pretexts for an assault on Chinchow.

Seven Men are Killed As Train Is Derailed

CALL BANKERS IN RUM PROBE

Thousands Reported Made in Gigantic Liquor Ring

PEORIA, Ill.—(INS)—Government prosecutors today were to attempt to prove that Edward "Ted" Newberry and his alleged gang of rum runners transacted business that aggregated hundreds of thousands of dollars yearly.

A number of bankers of Nebraska, Iowa, Kansas, Missouri and Illinois were subpoenaed to appear as witnesses before Federal Judge Louis Fitzherry, presiding over the prohibition and conspiracy trial of Newberry and 29 co-defendants.

The prosecution hopes to show that telegraph moneyorders amounting to more than \$100,000 were sent by bootleggers in various sections to Michael Plumberg of Clinton, Ia., one of the "big shots" in the reputed syndicate.

Spirit Believer Hunts Buried Money

EVANSVILLE, Ind.—(INS)—William Tafel, local spirit believer, today expected to resume his hunt for \$3,000 that spirits have told him were buried by Clarence Anderson, former city detective, in the backyard of the home Anderson occupied before his death.

The treasure hunter, display a map drawn by spirit direction and a mineral detector of his own invention, with which he intended to resume his search.

Valuable Horses Are Also Dead in Wreck In Missouri

LEXINGTON, Mo.—(INS)—Rescue crews today were digging in the debris of a Missouri-Pacific livestock train which was wrecked near here late yesterday killing at least seven men, injuring at least 15 others and destroying several high-priced show horses.

The rescue workers were rushed to the scene to try to locate additional victims of the wreck who might be trapped beneath the twisted remains of the 20 cars which left the rails. The exact number of dead and injured was being checked by railroad officials today.

"Three of the dead men have been identified as John Morgan, 30, a groom, of River Forest, Ill.; Jacob Krieger, 30, Delaware, O.; and Alvie Babb, 35, Kansas, Ill. The latter two were horse attendants.

The horses were being shipped to Chicago from Kansas City where they participated in the American Royal Livestock and Horse Show.

The wreck was attributed to defective rails. The train consisted of 60 cars. Twenty cars flew off the tracks, while the other 40 and the locomotive remained standing. The train was traveling at the rate of some 60 miles an hour when the derailment occurred.

At least ten of the horses were killed and an unestimated number injured. The value of the show-horses carried on the train was estimated at approximately a million dollars. They were on their way to Chicago to be exhibited at the International Livestock Exposition.

As soon as word of the wreck reached Lexington, doctors, nurses and ambulances were dispatched to the scene. The dead and injured were brought to local hospitals.

FLOOD WATERS THREATEN IOWA

Streams Are Reported Out of Banks in Many Sections

(BY INTERNATIONAL NEWS SERVICE) While flood warnings were being issued in Des Moines by the United States Weather Bureau for southern Iowa, damaging effects of the rains of the last two weeks were felt in several portions of the state today, as rain continued to fall.

Streams continued to rise and in nearly every portion of the state smaller creeks were out of their banks while rivers threatened to spread all over the country-side unless precipitation ends very soon.

The Des Moines river was at the flood stage at Boone, seven feet ten inches, while warnings were issued to Ottumwa residents that a rise of three feet in the same stream will probably occur within the next twenty-four hours. If rains have

Progressives Map Out Plans to Fight 'Gag' Rules Now Being Used in House

BLIND COUPLE ROBBED OF \$8

"Meanest Man" Being Sought for Theft From Whichers

Local police are attempting to find a clue to the identity of the "meanest man" who early Sunday evening robbed Mr. and Mrs. Alan Whicher, blind proprietors of a grocery store at 818 East Eighth street, of approximately \$8 in cash.

Entering the store on the pretense of wanting groceries, the stranger said he wanted to buy some bananas. Mrs. Whicher, who was in the store with her husband, was putting the fruit in a sack when she heard the click of the cash register.

She rushed to the register and hurriedly shut it, but not until after the stranger had slammed the door and went into the street. Due to the fact that both are totally blind, they were unable to give a description of the thief.

Plan Battle to Hold Up Organization of Lawmakers

By WILLIAM S. NEAL

WASHINGTON.—(INS)—House progressives today were confronted by the prospect of opposition or organized drys in their battle to liberalize the "gag" rules of the house of representatives when it convenes two weeks from today.

The modification proposed by the progressive group would assure a record vote on both resubmission of the 18th amendment and modification of the Volstead act.

The issue may be settled in party conferences before congress meets, but failing to gain concessions, the progressives will make a fight to delay organization of the house.

Representative LaGuardia (R) of New York and Representative Kvale (R-L) of Minnesota have taken the lead in the liberalization campaign, which will get under way at a conference to be held on Wednesday.

They count upon at least 15 republican insurgents, but admit their chances of success have been dimmed by the ascendancy of the Democrats to a majority of the house.

While many democratic progressives, headed by Representative Crisp (D) of Georgia, are demanding a change in the rules, even the democratic practice of binding members by a two-thirds vote in the party caucus may check-mate them.

The progressive group seeks a rule whereby a petition signed by 100 members will bring a bill to the floor for a vote. Under present rules, signatures of 218 members, a majority of the house, is necessary.

TRIO OF JEWEL ROBBERS HELD

Wealthy Chicagoans Are Stripped of Valuable Gems

CHICAGO.—(INS)—With most of the loot recovered and three suspects already under arrest, the police of Chicago and all North Shore suburbs pressed on today in their hunt for the remaining members of a handit gang which raided the Forest home of William Hamilton Mitchell Saturday night and robbed nine wealthy socialities of approximately \$200,000 worth of jewelry.

The recovered gems were discovered in the pocket of a man's coat which became entangled in a barbed wire fence 200 yards from the palatial home. The coat was snatched on the wire as one of the robbers fled before a hail of police bullets.

The three suspects were picked up just a few hours after the bold robbery. They are Paul Ross, 25, Joseph Gervillo, 21, and Nick Macentis, 30. They were brought to the Mitchell mansion where victims of the holdup identified them.

The coat in whose pocket most of the valuable loot was found was tried on Ross and fitted him perfectly, police said. The trio had at least two and perhaps three accomplices in the robbery, according to the authorities. One of the hunted men is believed to be Frank "St. Louis" Tufano, a member of Chicago's "42" gang. An automobile, registered under his mother's name, was discovered abandoned near the Mitchell home.

William H. Mitchell, who was entertaining a group of friends when the bandits entered, is the son of the late John J. Mitchell, millionaire banker. The other victims of the robbery were Mrs. Mitchell, Mr. and Mrs. Leslie Wheeler, Mrs. Edward A. Cudahy Jr., Ralph J. Hines, Mrs. Louise Bowen Phelps, and Mr. and Mrs. William McCormick Blair.

Pioneer Director Of Movies Dying

HOLLYWOOD.—(INS)—Theodore Wharton, pioneer motion picture director, who directed Pearl White, "thriller star" in her first picture, and persuaded the late Milton Sills to enter pictures, today was dying at his home here, friends learned.

Wharton founded the first independent motion picture studio at Ithaca, N. Y., and Irene Castle, the dancer, starred in the first film made there. Wharton directed the first "serial" ever screened.

Brothers That Posed as 'Sisters' More Than 30 Years Must Prove Sex

By JACK CEJNAR
SUMMITVILLE, Ind.—(INS)—Geneva and Nola Armstrong, the brothers who posed as "sisters" for more than 30 years, must prove their right to masculine names before the law can grant their petitions to change their names of Geneva to Gene and Nola to Noel.

This was indicated at Anderson today by circuit Judge Carl Morrow in whose court the strange legal documents were filed.

Judge Morrow revealed he had already received numerous offers from physicians to serve on a committee to determine the sex of the petitioning "sisters."

The hearing on the Armstrong petitions probably will be held this week.

Meanwhile the "sisters" at their big and well managed farm, two miles north of here, were dismayed by the publicity given their court pleas. They were unable to understand why their action created such a wide sensation. They threatened today to withdraw their petition.

The "sisters" spent Sunday barricaded in their big, two-story farm home.

At nightfall this correspondent obtained an introduction to them through Earl Underwood, a neighbor.

POLICE GRIDDERS BEAT SING SING CONVICTS, 13-0

Writer With Orders to Make Story Funny Finds It's Sad

Sing Sing Star Tells Scribe "You Can't Even Tie Police"

By QUENTIN REYNOLDS
INS Sports Writer

OSSENING, N. Y. (INS)—"You can't beat the police," signs to that effect are displayed in Sing Sing.

"You can't beat the police," "Hell, you can't even tie them," Alabama Pitts said today after the Port Jervis police team had won a 13 to 0 victory over the Sing Sing football eleven.

Alabama Pitts was the shining star of the game, but even his brilliant open field running and his amazing defensive play couldn't stop the smashing play of the Port Jervis police team, stepped in the tradition that "you can't beat the police."

Alabama Pitts once upon a time walked into a speakeasy for a quiet glass of beer. He little realized he was practically starting on a gridiron career.

Pitts Stick-up Man

The bartender mistook the open countenance of Alabama Pitts for innocence and he playfully slipped what is known to the trade as a "Mickey Finn" into the glass which Alabama Pitts immediately emptied. When Alabama Pitts woke he was the possessor of a terrific headache and several very empty pockets.

Alabama decided to take measures.

So Alabama stuck up the speakeasy. He was caught.

His ill fortune was Sing Sing's good luck.

Alabama Pitts plays quarter back for Sing Sing and yesterday he thrilled his 2,000 colleagues and an additional 2,000 spectators by running back punts, tosses, well-played forward passes and in general playing the kind of game that Albie Booth had played for Yale just 24 hours before in the Harvard stadium.

But alas—he had little help. Port Jervis crashed through the Sing Sing line. Port Jervis snaked around the Sing Sing ends. Port Jervis tossed passes and when a dreary, unhappy sun had disappeared behind a dreary and unhappy red brick wall the score board said: Port Jervis 13, Sing Sing 0.

Cops Too Tough

The stage was all set for a beautiful heroic gesture on the part of the convicts. There were those hats on bright yellow sweaters. Sing as they went. But to no avail.

Things were pretty even during the first half, but then patrolman Russell Duffy tossed a pass to patrolman Johnny Thomas and patrolman Thomas dashed 56 yards for a touchdown.

The Sing Sing band played between halves. A cornetist stepped out all by himself and played a piece of music that was as well as touching playing of all things, "Just One More Chance."

"He can play," you said to convict 80,566, adding as liaison officer to the press.

"He ought to," convict 80,566 said softly. "For eight years he has been the highest priced man in Sousa's band."

Alabama Pitts hurled himself again and again into that mass of yellow sweaters. It refused to yield. There was a movement on the Sing Sing bench. A mighty roar went up from the gray clad cheering section. "Go get 'em Happy! Murder 'em Happy!"

Happy Goes In

Six feet three of smiling negro went in. It was Happy Hutchinson. Happy will be eligible for Sing Sing teams for a long time.

"He'll be a good back and a nice graduate," convict 80,566 said.

"How long is he in for?"

"Twenty years," convict 80,566 said tersely.

Then a pass. Patrolman Brown threw it to the busy Thomas who scurried 40 yards for the second score.

A shriek of delight goes up from the convicts.

"Come on Red!"

"It's Red Hope... that's the same Red Hope who is up for kidnaping. He has been coaching the team and he did his best. He went in at tackle but despite his earnest efforts the Sing Sing team couldn't score."

The whistle blew... each man shook hands with the man against whom he had played. The game was over.

Among Cleanest Games

"It was the cleanest played game in which I have ever officiated," umpire Harry Von Bersburg of Harvard said.

"What's my name? What do you care? ... well I'm not using that!"

Headlines of ten years ago flashed before your eyes. This affable smiling lad the notorious... Ne you wouldn't use his name.

"You just felt sorry for him. You knew he was in for life. Editors should know better than to send a man on a story like this with orders to 'make it funny.' You just can't. It isn't funny at all. It's sad as Hell."

EARLY BIRD

Before he died Jack Dunn signed Lefty Richmond and predicted he would be as great as Lefty Grove. But Lefty hasn't gotten ahead. And to hasten the day of stardom he has taken an outdoor job with a construction company so that he will be heard and ready for next year's job with the Orioles.

COMEBACK

Toots Mondt, headline wrestler several years ago, retired to manage Dick Shikat. When Dick lost the title to London Toots started a comeback. Now he weighs sixty pounds less than he did five years ago and has mood.

DRAKE ON VALLEY THRONE FOR 4TH. SUCCESSIVE YEAR

Bulldogs End Season With 3 Loop Wins And No Defeats

Team	W.	L.	Pct.
Drake	3	0	1.000
Oklahoma Aggies	1	0	1.000
Creighton	2	2	.500
Grinnell	1	2	.333
Washington	3	3	.500

SATURDAY'S RESULTS
Drake 6, Grinnell 0.
Marquette 7, Creighton 0.
Oklahoma Aggies 14, Wichita U. 6.

By CURTIS HAY, JR.
(INS Staff Correspondent)

DES MOINES, Ia. — (INS) — Drake university today sat firmly on the Missouri Valley conference football throne, victors for the fourth successive year in the conference gridiron race.

Elimination of the last contender Saturday afternoon here when the Bulldogs downed the Grinnell college eleven, 6 to 0, kept the Drake record clear for the season with three victories and no defeats. In the conference and brought the championship to the Blue and White again.

The victory ran the Bulldogs' remarkable string of victories in the conference to twelve. There has been one tie game and the Bulldogs have not yet been defeated in a conference game since the Missouri valley was reorganized in 1925.

Negro Quarter Stars

A substitute quarterback, a tiny negro by the name of Walter Thompson, brought Drake victory Saturday after Grinnell's weaker line had successfully staved off a scoring attack of the Bulldogs backfield, Lindstrom and Lansrud.

Time after time the latter pair would bring the ball within scoring distance but there Coach Lester Watt's men dug their cleats in the mud and refused to go back further. With only a little more than a minute of the first half left Thompson went in and in two tries reeled off two runs for a touchdown.

In the last half Grinnell's highly touted serial attack was employed by the losers but each time Drake halted the advance by knocking down the pass or intercepting it. As the game ended Drake was once again within the shadows of the Grinnell goal posts trying to score.

The Oklahoma Aggies really gained a technical tie for the conference title this year by winning the Creighton game, in which the Aggies played only one game their record can hardly be considered as in the race.

Aggies Use Reserves

Saturday the Aggies employed their reserves to down Wichita university 14 to 6. For three quarters the Oklahoma reserve men were used and their one touchdown with the extra point was enough for the victory but in the third quarter Sid Clarke, regular back, created another score to make the victory certain.

Creighton who finished the conference race with two victories and two defeats went down Saturday at Moline before the powerful Marquette eleven, 14 to 0. The Bluejays offered stubborn resistance to the golden avalanche but were unable to win.

Washington university occupied the cellar in the conference final standings with three defeats and no victories. The bears were idle Saturday.

DES MOINES, Ia. — (INS) — Frank Duncan of Grinnell was still in front of the individual scorers in the Missouri Valley conference today despite the fact that he failed to play in the Drake game here Saturday. The only change in the race was the addition by Sid Clarke, Oklahoma Aggie back, of six points to his total but this did not change the positions of the five leaders.

The leaders:
Duncan, Grinnell, 37.
Barnham, Oklahoma A. & M. 36.
Lindstrom, Drake, 33.
Clarke, Oklahoma A. & M. 31.
Lansrud, Drake, 24.

PURPLE SOUGHT AS TROJAN FOE

Agitation Is Renewed For Game on Coast New Year's Day

CHICAGO (INS) — Agitation was renewed today for a football game between the University of Southern California and Northwestern, Big Ten conference leader, following the former's 16 to 14 victory over Notre Dame last Saturday.

It was urged that the proceeds of the proposed contest, to be played at Pasadena on New Year's day, go in part to charity.

The schedules of the teams prevent them from being matched at any time before Jan. 1. Northwestern is booked to meet Purdue

SHARKEY-SCHAAF BOUT IN MAKING RESULT OF SPLIT

Reports Have It That Sharkey and Pilot Near a Break

NEW YORK (INS) — What's your reaction concerning a brawl next summer between Jack Sharkey and Ernie Schaaf?

What's that? They're stablemates. Sure, Sir, but stablemates, like brides and grooms, can and do become parted.

The sephyr floating over Boston commons are freighted these autumnal days with reports that Sharkey and Johnny Buckley, his manager for many years, no longer are doing a damn and pythias. It is understood that Buckley isn't so keen to keep on managing Sharkey and that Sharkey figures it won't take the cheerfulness out of his life if Buckley isn't chauffeuring his destiny.

That's the chapter.

Schaaf's Intimacy Owned

The second concerns the joint ownership of Schaaf's contract by Buckley and Sharkey. They bought the fledgling leather toser a year ago for \$12,500 and hooked him to a five year contract. Schaaf has come along splendidly under the Sharkey-Buckley handling but, of late, Schaaf's form under Sharkey's "bossing" and Sharkey seems to have figured out that Schaaf is now Buckley's "pet."

And, between whiles, Schaaf gets surer and surer that he could smite Sharkey to the wilton if they ever meet and Sharkey, in rebuttal, thinks that he could teach Schaaf plenty of "manners" if they ever went into action.

Tow Fighters Quarrel

Recently Schaaf and Buckley purchased a gymnasium in Boston — and Sharkey, who always was in on any partnership or deals, made by Buckley was no part of it. The very fact that it's Buckley and Schaaf now, in this gym purchase, and that Sharkey and Schaaf have quarreled and ditto, make all the guessers reckon that soon there will be a severance of the Sharkey-Buckley arrangement, with Buckley buying Sharkey's half of the Schaaf contract.

If that happens, then the first that Schaaf will want to meet will be Sharkey — and Sharkey, no doubt, will be willing.

In a charity game this Saturday, and U. S. C. has contests with Washington on Dec. 5 and Georgia on Dec. 12.

Hope was expressed that the Big Ten rules against the suggested encounter might be lifted. The matter will be brought up at a faculty committee meeting of the conference here on Dec. 4.

Officials of Northwestern declared they were favorably inclined toward playing the U. S. C. however, they declined to take any action until after the Purdue game.

The conference ruling against post-season coast games was set up after Ohio State journey to Pasadena on Jan. 1, 1921, and was defeated by California, 28 to 0. It was argued that Northwestern might avenge this defeat.

Late Dope on Football Teams

CHAMPAIGN, Ill. — (INS) — First string Illinois football players took a rest today following their hard game with Ohio State at Columbus Saturday. Tomorrow the squad will participate in a dummy scrimmage against Indiana plays in preparation for the grid tournament at Chicago Thanksgiving day.

IOWA CITY, Ia. — (INS) — Coach Burt Ingwersen, encouraged by the fight the Hawkeyes put up against Northwestern, today was hopeful over the prospects for a good team next year. The Iowa squad tomorrow will start drill for the Stagg field football tournament.

BLOOMINGTON, Ind. — (INS) — The Indiana football squad will practice tomorrow in anticipation of the charity grid carnival, in which the Hoosiers will seek to defeat Illinois.

CHICAGO (INS) — Coach A. A. Stagg today predicted an excellent game for the charity football tournament at Stagg field on Thanksgiving day. He termed the carnival idea as being "very interesting." Tickets for the affair are going rapidly at \$3, \$2 and \$1.

EVANSTON, Ill. — (INS) — The usual Monday layoff did not prevail on Northwestern's practice field today. Mindful of the critical nature of next Saturday's charity game with Purdue, Coach Dick Hanley ordered a hard drill for this afternoon. Should Purdue win the contest, Northwestern will be tumbled from the leadership of the Big Ten conference and a four-way tie for the championship may result.

ANN ARBOR, Mich. — (INS) — The Michigan football squad was physically fit today following its

NEW YORK (INS) — The Green Bay Packers had strengthened their hold on first place in the National Football League today by coming from behind in the last quarter to nose out the New York Giants, 14 to 10. A pass to Hank Bruder, Northwestern's 1930 All-American, accounted for the winning score.

The crowd of 40,000 was the largest to witness a pro football game here since the professional debut of Red Grange.

A touchdown by Grange started the Chicago Bears to a 27 to 0 win over the Brooklyn Dodgers in Brooklyn.

Ken Strong, another former All-American, scored all of Stapleton's points in beating Cleveland, 16 to 7.

CHICAGO CARDINALS WIN

CHICAGO (INS) — Ernie Nevers' Chicago Cardinals today held fourth place in the National Professional Football league standings by virtue of their 20 to 19 victory yesterday over the Portsmouth Spartans. Nevers, the former Stanford All-American, was the outstanding performer on the Wrigley field gridiron rendered slippery and muddy by a light drizzle. Ernie scored two of his team's three touchdowns and place-kicked for

NOTE — Kansas and Iowa State did not play each other.

KANSAS CITY (INS) — Vindicating pre-season dope the powerful Nebraska Cornhusker eleven today held a clean cut claim on the 1931 Big Six conference football championship having swept before it every team in the league for five wins and no defeats.

LAFAYETTE, Ind. — (INS) — Hopeful of upsetting the conference leader, Purdue's football regulars today began mapping their campaign against Northwestern. The Wildcats beat Indiana only by one point while Purdue defeated the Hoosiers, 19 to 0.

MADISON, Wis. — (INS) — Wisconsin's grid players took things easy today before starting drill against Michigan formations.

MINNEAPOLIS, Minn. — (INS) — While gloom prevailed the Minnesota campus today because of the Michigan victory over the Gophers, hope was expressed that the home team might be able to defeat Ohio State in the charity contest next Saturday.

IOWA STATE'S spectacular showing, after not having won a conference game since 1928, was the surprise of the season. The team was not given the slightest chance in the pre-season predictions.

Kansas wound up the season Saturday upsetting the dope completely to defeat Missouri in the fortieth annual meeting.

Previous to the Cyclone game Nebraska was a two touchdown team only once, defeating Oklahoma 13 to 0. The team's greatest scare was the Kansas State game a week ago in which the champions won, 6 to 3, with a final quarter touchdown. Missouri also pressed hard, 10 to 7, and Kansas was just as stubborn, 6 to 0.

Rifle Club Members Hold Pistol Shoot At Range on Sunday

Only 38 of the 105 members of the Muscatine rifle club competed in the discounted pistol shoot held at the Charles Timm farm near Lowe Run Sunday afternoon. The number of competitors was few because of the heavy rain which fell during the shoot.

L. Gage shot high with a score of 423 out of a possible 450. Shooting was over a discounted pistol course and firing was 10 shots rapid fire at 15 yards, 10 shots show five at 25 yards, 10 shots rapid five at 25 yards and 15 shots at a bobbing target.

Following are the ten high shooters: L. Gage, 423; W. Collitz, 373; H. Wickey, 350; C. Walker, 349; L. Grimm, 337; A. Phillip, 327; Austin, 324; J. Alexander, 323; M. McGavock, 293 and C. Barnard, 285.

CHICAGO (INS) — Charity will hold the stage in the Western conference this week, with the four-team football carnival scheduled for Stagg Field, Chicago, Thanksgiving day and three regulation contests slated for Saturday.

One of the Saturday tilts, Northwestern vs. Purdue at Soldier Field, Chicago, will be the final determining factor in the Big Ten title race of 1931.

Northwestern, by beating a stubborn Iowa team 19 to 0 last Saturday, kept its clean slate. The Wildcats have won five conference encounters, two outside games, and tied Notre Dame.

Purdue Formidable Rival

Purdue, by defeating Indiana, 19 to 0, at Bloomington, shaped up as a formidable rival for Coach Dick Hanley's outfit. However, it was expected the odds will be heavily in favor of the Purple eleven.

Purdue ranks in a tie for second place today with Michigan and Ohio State. Each school has won four games and lost one.

Michigan, in one of the greatest conflicts of the past week-end, downed its old rival, Minnesota, at Ann Arbor, 6 to 0. The Wolves scored in the first quarter, through a six-yard run by Bill Hewitt, and played conservatively to hold the lead.

Ohio Had an easy time with Illinois at Columbus, rolling up a final tally of 40 to 0. Cramer and Carroll led the victory parade.

Buckeyes Face Fight

Ohio State faces a stiff fight in its charity tilt with the Gophers at Minneapolis this week-end.

Michigan, on the other hand, is expected to have the edge on Wisconsin at Ann Arbor. The Badgers, by virtue of two touchdowns by McGaire, beat Chicago, 12 to 7, last Saturday.

National interest will be centered on the Big Ten grid tournament Thanksgiving. Because of the unique nature of the contest, the outcome is hard to predict. The novelty of the scheme has assured a good ticket sale.

In the first part of the carnival, starting at 1 o'clock, Iowa will meet Chicago in a 30-minute battle. This will be followed by another half-game between Illinois and Indiana. The windup, beginning about 2:45, will see the winners of the first two tilts matched against each other for a third 30-minute contest.

Blackhawks Chalk Up 4-2 Victory Over Montreal Team

CHICAGO (INS) — The string of tie games chalked up on the records of the Chicago Blackhawks hockey team was severed today by virtue of their 4 to 2 victory here last night over the Montreal Maroons.

The local sextet started with a rush, scoring three goals in the first period and their fourth within seven minutes of the second period. Right wing Murch Marsh scored the first two goals on passes from Adams and Cook. Lowrey, unassisted, smashed the puck through for the third Hawk goal and Gottselig took a pass from Wentworth to make the fourth.

Center Trotter made the first goal for the visitors in the second period and Smith scored for the Maroons again in the last.

Talk of Post-Season Game for Irish Is Going Rounds

By JIMMY CORCORAN
(INS Sports Writer)

CHICAGO (INS) — Stopped almost cold last Saturday by the great Trojan gang from Southern California—I would say stopped much better than Luke-Warm—Notre Dame's well massaged warriors are now preparing to move on to New York and the Army on the next week-end.

Whether this game will be the final one of the year on Notre Dame's schedule remains to be seen. For there is some chat of a post-season game for the Irish. But if I'm inclined to think that the "Sojers" are in line for a murderous pounding on the greens of the Yankee stadium.

If it isn't to be the Army and in case there is to be still another foot-ball game for "Hunk" Anderson's outfit, some outfit will have to suffer for the spectacular trouncing handed the Irish last Saturday.

Notre Dame Mad

Notre Dame is mad. Humiliated a trifle, too, but not to a marked extent. It's glad to concede that it lost to one of the great teams of the country. And easily the fighting outfit that ever stepped on a

Notre Dame gridiron—not forgetting Minnesota of 1927. I would say, that it was the best that has faced the fighting Irish in the last ten years.

I haven't seen the team yet that displayed the power and all-around versatility of those Trojans in the last half of Saturday's game, probably the "Four Horsemen" brigade of 1924 should be included, but that was a team exemplifying more than slick points of trickery and the high touch of finesse—including speed.

This Trojan team was a powerhouse. Jones' backs not only ran. They pounded. They cut and slashed and ordinary backfielders would have been cut down.

When the men of Troy stepped in the line—which wasn't often, really—they hit the air and here they excelled. They made good in pitching passes that were daisies and these daisies were the ones that were batted down.

There still are arguments around the town that Notre Dame was swamped on penalties. The figures were 90 yards to nothing. And the Trojans weren't penalized. But then why go into the arbiting end of the contest when there always will be tiffs on whether the officials were right or wrong?

Notre Dame men are saying that the officials were cock-eyed in some respects. Trojan backers declare that this particular act of guessers finally caught up with the great squad from South Bend. Why should I come out on Monday and start arguments? These probably will be settled over the "hot-stove" during the winter.

Trojans Deserve Credit

Why not say that one great football team beat another great one by playing better football when it had to and let the situation rest right there. Because you can't take a single ounce away from Howard Jones' club.

For a short time it appeared that the dog-fight would end with the Trojans trailing 14-13. This would have been unsatisfactory to the spectator who attended. The Trojans have been on the woe end of three of those kind of ball games with the Irish.

If you will recall one went to Notre Dame 7 to 6, another 13 to 12 and still another at Soldier Field, 14 to 13.

Southern California left town last night for the east coast quite proud of the job it had accomplished. And justly so. The Trojans had laid low one of Notre Dame's greatest teams. And you will agree that it has had some fine ones.

GALLOWAY ASKS SENATE SEAT

Waterloo Man Asserts Self Candidate on G. O. P. Ticket

WATERLOO — (Special) — William Galloway of Waterloo Saturday announced his candidacy for Republican nomination for United States senator from Iowa.

His statement follows in part: "Iowa's credit has been impaired and then action led to believe that this great state is insolvent by unwarranted statements made in

halls of congress by a spokesman who represents only a minority of her citizens.

"Undoubtedly agriculture has suffered from inequality of farm product prices with prices on other commodities.

"Obviously there is some radical error in our method of production and distribution which allows a condition of want and suffering in the midst of a surplus of the necessities of life.

"I do not claim sufficient knowledge to rectify this paradox but I believe that stabilization of the dollar, that is, equalization of prices on all commodities, will materially improve this unfair condition."

Galloway, 54, is widely known as a manufacturer of agricultural implements. He ran for the third district congressional nomination last year.

2 MORE BAIN BANKS PROBED

Infringements of State Banking Laws Are Uncovered

CHICAGO, (INS)—Complicated business transactions of two more banks were scrutinized today in the opening of a new phase in the probe of conditions surrounding the closing of the chain of Chicago financial institutions operated by the Bain family. Depositors of the Chatham State Bank have been asked to ask the state's attorney to take action against the officials of the institution, it was announced by Frank M. Dolley, spokesman for the group. Dolley said that several infractions of state banking laws had been uncovered by the depositors' committee.

Chief of these was a deal with the South Park bank of which John Bain was a member. The board deposited \$145,000 with the Chatham bank and received \$100,000 in securities as a guarantee of the deposit. Nearly half a million in notes was found to be unsecured by collateral.

The Stony Island Trust & Savings bank was the other Bain institution to which officials were turning their attention today, after closing the probe of the West End bank last week.

COLE ASSAILS BROOKHART ON THOMPSON BID

Wants Apology for Note Asking Aid For Johnson

WASHINGTON, D. C. (Special)—Representative Cyrus Cole of Cedar Rapids Sunday made public a letter which he has written to Senator Smith W. Brookhart, asking him to write a letter to William Hale Thompson, former mayor of Chicago, suggesting that he organize the state for Hiram Johnson for president.

Representative Cole suggested that the people of Iowa may expect an apology from Senator Brookhart for sanctioning an "alliance" with the man who was mayor of Chicago when that city was in the control of the Al Capones who robbed the quick and the dead."

The letter of Mr. Cole is looked on here as having several political aspects. It is regarded as a preliminary in the direction of the candidacy for the senatorship which Mr. Cole is contemplating.

In Iowa circles here it is the belief that Mr. Cole has decided to make the race which a number of his friends have urged him to make. Further, it is looked on as intended to embarrass the insurgents in their opposition to President Hoover's re-nomination.

Representative Cole, without going so far as to announce himself for senator, did say his friends were still urging him to run. He said his interest in the Thompson letter, was not personal so much as party interest.

Text of Letter

The letter follows:
Hon. Smith W. Brookhart,
Washington, D. C.
My Dear Senator:

In the "Washington Post" last Sunday there appeared an article, signed by Lawrence Sullivan, a writer of good repute, on what he styled "the projected Illinois-Iowa alliance" with you and William Hale Thompson, one time mayor of Chicago, as the projectors and promoters.

It appears that you started this so-called alliance by writing to Mr. Thompson suggesting to him that he organize the state of Illinois for Senator Hiram Johnson of California, for president.

Reply Printed

Mr. Thompson's letter in reply to yours was printed, but Mr. Sullivan says that you told him that you could not make public your letter because "the whole correspondence was a private affair."

He says you also informed him that your "personal suggestions for developing the Johnson movement in Illinois were embodied in a very innocent letter." So all we know about your letter to Mr. Thompson is that he called it a "cordial message."

Objections Seen

Of course, I need not say that Senator Johnson may see objections to such an alliance and to Mr. Thompson that may have escaped you. But that is a matter between you and your senatorial colleague. And what the people of Illinois may think of your efforts to set up machinery in their state to control the delegation to a Republican convention, is a matter for you to discuss with them.

But I suggest that they may not think as well of the discarded mayor of Chicago, as you seem to do? They may not want to get in a political bed with him again.

"Iowa Included"

But in this letter I am interested mainly in the fact that Iowa is included in this hypenated alliance. I cannot make myself believe that the people of the state which you and I in part represent in congress want to be placed in an alliance, either political or moral, with the man who was mayor of Chicago when that city was in the control of the Al Capones, who robbed the quick and the dead.

Instead of sanctioning an alliance of which you are the sole projector, William Hale Thompson the sole manipulator, and Hiram Johnson the sole beneficiary, is it not possible that they are expecting an apology from you for even having suggested such an arrangement in what you call a "private" and an "innocent" letter?

As an Iowan, I want to enter my protest against such a commitment of our state, and if I did not so protest, I would feel that I had lost some of my own self respect.

Wants Letter

I realize I am passing judgment without having read your letter. In order that we may judge this matter fairly, may I suggest that you give your letter to the press, and that in full?

Let the people know what it was that Mr. Thompson called "a cordial message."

"Right to Know"

As you have assumed to speak for the people of Iowa, they have a right to know what you have said for them. I cannot see how you can continue to treat this as "a private affair." You say it was "a very in-

18.3 PER CENT OF OFFICES IN CITIES VACANT

25 New Buildings Are Now Being Built, Figures Show

NEW YORK—(Special)—The National Association of Building Owners and Managers spent 18.3 per cent of the office space in forty-one of the principal cities of the country is vacant. This is only an increase of slightly more than 1 per cent over the office space available last May.

The October survey by the association covered 2,028 office buildings with a total rentable floor area of 177,879,232 square feet. Of this amount, 32,617,176 square feet are vacant. In addition to the present vacancy, 3,930,544 square feet of space are reported under construction in twenty-five new office buildings. This figure of new construction is only one-third of that reported in October, 1930, when 11,054,562 square feet of office space were under construction in sixty-five new buildings. In the face of general business conditions prevailing during the summer and in view of new space brought on the market, the increase in office vacancy was less than expected.

Murray E. Randall of Omaha, chairman of the committee on renting activities, states: "With our present vacancy of 32,617,176 square feet of space, it is evident that sufficient office space is available to take care of the needs of business expansion for at least two years."

Finds Situation Not So Bad

"A new office building project under contemplation today should be given the closest study to make certain that it has a reasonable chance for successful operation. We do not feel that the reduced absorption of office space can continue for any long period of time, and average office building occupancy of 81.5 per cent shows a healthier condition than many other industries have experienced."

"The competition of new buildings during recent years has made it necessary for owners of existing structures to give serious thought to rehabilitation and modernization."

VILLAGE MOVES TO FIRE NEGRO AND HIS CULT

Follows Protests of Many About His Noisy Meetings

SAVILLVILLE, I. I.—(Special)—Nearly a thousand citizens of this village attended a mass meeting in the high school auditorium tonight to formulate plans for the immediate expulsion from the community of Maj. J. Divine, negro head of a fast growing cult, and his followers, among whom are a large number of white persons.

The spark which exploded local indignation was the arrest early last Monday of seventy-eight of Divine's followers, at his house in North Savillville, for disorderly conduct, after neighbors had complained to the police of loud and uproarious noises during a religious service. Taken before Justice Charles H. Duryea that morning, forty-six of the defendants pleaded guilty and were fined \$5 each. Divine was charged with maintaining a public nuisance and was held for the Suffolk grand jury in bail of \$1,500, which was furnished.

Six Acquitted—Last night thirty-two defendants who pleaded not guilty were tried before Judge Duryea and twenty-six were found guilty and fined \$5 each. The remaining six, who took the stand and swore that neither they nor their co-defendants had made any noise, were acquitted.

Four of the six were white: Eugene Delmar, "writer, editor and incidentally a member of the New York bar;" Helen Faust, a New York stenographer; Anna Maw, teacher and healer; and Marie Orr. The other two, David Hadnot and Mary Jones, were negroes.

The village mass meeting was presided over by Charles Milton Rogers, a former chairman of the board of supervisors, and one time head of the Suffolk county democratic committee. Mr. Rogers owns a summer hotel here.

Speakers pointed out that the question under discussion was not racial. Savillville is a summer resort and it is contended that the activities of the Divine colony have not only depreciated property values in the district in which it is situated, but have given a bad name to the community as a whole.

Therefore, it was resolved and carried that: "It is to the best interest to plan his cult where it can prosper unhampered by the limits of a residential section."

Leader Acquiesces—Before the mass meeting Divine said he had been looking over various properties with a view to moving.

"Some time ago," he declared, "I suggested that a public vote would be welcome to me. Therefore, I heartily endorse this mass meeting. If the public does not wish it, why of course, I will not stay here. I do not care to reside anywhere, whether it be in Suffolk county or even in New York state, where my presence is not desired."
